

LOCAL NEWS.

THE PRIMARY ELECTION.—MEETING OF THE WARD SUPERINTENDENTS.—An adjourned meeting of the Ward Superintendents of the Conservative party was held on Saturday night, John B. Smoot, esq., County Superintendent, in the Chair, and George R. Shinn, Secretary.

The contestants for the office of City Sergeant, Dr. J. C. Hill, John W. Campbell and Robert F. Knox, were present, as were also the commissioners of election for the various wards.

Robert F. Knox, esq., announced his withdrawal from the canvass in the following letter to the committee:

ALEXANDRIA, VA., May 29, 1875.

John B. Smoot, esq., Chairman County Conservative Committee:

Dear Sir: After a conversation with one of the candidates this afternoon, I beg leave to withdraw my name as a candidate for the office of City Sergeant to be voted for at the primary election to be held next Tuesday in this city. There seems to be a misunderstanding existing, and for the sake of harmony I hereby withdraw my name. Yours respectfully,

ROBERT F. KNOX.

The committee laid down the following rules for the guidance of the commissioners:

I. That the primary election be held on Tuesday, May 25th, the polls to be opened at 10 o'clock a. m. and closed at 7 1/2 o'clock p. m.

II. None but REGISTERED CONSERVATIVE voters shall be permitted to ballot.

III. At the close of the polls the commissioners shall count the ballots and announce the result in their respective wards, and shall certify the ballot, seal their returns and hand them to the chairman or secretary of the committee by 10 o'clock a. m. on Wednesday, May 26th.

The committee, in their instructions to the commissioners, informed them that by REGISTERED CONSERVATIVE VOTERS was meant "those whose names are on the present registry, and who, by general repute, are in accord with the Conservative party and who voted the Conservative ticket at the last municipal election"—the commissioners to use their discretion as to the votes of those whose names are on the registry but who did not vote at the last municipal election.

The candidates pledged themselves to abide by the result of the primary election, and the meeting then adjourned.

The following are the commissioners of election:

1st Ward—John Marriott, B. H. Lambert, and Joseph Addison.

2nd Ward—J. R. Nicklin, George L. Simpson, and L. H. Kell.

3rd Ward—Col. B. Brawner, R. C. Lee, and W. D. Stuart.

4th Ward—B. F. Nalls, E. L. Price, and W. L. Milburn.

SECOND WARD RADICALS.—On Saturday night last the Radicals of the Second Ward met at the usual place of meeting, opposite the W. & O. depot. Larkin Patton called the limited assemblage to order and stated that the object of the meeting was for the purpose of nominating candidates for the City Council, and also to elect six delegates to the city convention to convene at the court house this afternoon.

R. C. Armstrong was elected secretary. George Hobday offered a resolution, the purport of which was to make no nominations for the City Council.

For want of a second the resolution failed, and he then moved that the nomination of candidates for the City Council be postponed until Tuesday evening, the 25th, which was adopted.

J. T. Ford moved that the chair appoint the delegates to the convention, but Hobday opposed the motion, and thought it best to have the delegates elected from the floor.

The list of the proposed delegates was then read, when Hobday accused Armstrong of coming into the ward and putting up a job.

Armstrong attempted to make a motion but Hobday objected, saying that one who did not live in the ward had no right to make motions there.

The motion that the president appoint the delegates being lost Hobday moved that the delegates be elected from the floor, which motion prevailed.

The following were then put in nomination: James Purcell, Henry Lewis, George Hobday, J. T. Ford, F. L. VanAiken, George Grayson and Marshall Williams.

Some objection was made to VanAiken's election to the convention on account of his inactivity as a Republican, in consequence of which he only received two votes.

The following were then declared elected as delegates: James Purcell, Henry Lewis, Geo. Hobday, J. T. Ford, George Grayson and Marshall Williams. Edward Sullivan and Henry Johnson were elected alternates.

A collection was taken up to pay for the room, and the meeting adjourned to meet Tuesday night at the same place.

RELIGIOUS SERVICES YESTERDAY.—The weather yesterday was delightful, and large congregations were present at most of the churches. Rev. Mr. Hubbard preached in Christ Church, and Rev. Mr. Whitley in the Union Presbyterian Church, morning and night. With these exceptions, the pulpits of the several churches were filled by the resident clergy. The following is a report of the work done during the day by the Young Men's Christian Association:

"The Alms House meeting was held by the usual committee; a smaller congregation present than usual, but the exercises were of the same happy and stirring character.

"The Jail Mission was worked by a larger force than usual. The brethren report a good season of work.

"The open air service at the Baltimore and Potomac depot, was held by a full committee to the usual congregation.

"The 4 o'clock meeting in the 24th Presbyterian Church had a reduced attendance. The occasion was made one of special prayer for God's blessing to descend upon the members of the Richmond Convention." (This meeting will be held next Sunday in the Methodist Protestant Church.

FIRE.—The alarm of fire about a quarter after four o'clock this morning was caused by the partial destruction of the old frame building on the southwest corner of Prince and Patrick streets. It belongs to Thomas O'Brien, and is insured in the Maryland Insurance Company of Baltimore, of which Messrs. S. H. Janney & Son are the Alexandria Agents, for \$1,000. The loss is probably not more than three or four hundred dollars. The building was divided into two houses, the one on the corner being occupied by a colored woman named Ann Berry and her family. Nearly all the furniture was saved. The other house, which was unoccupied, and it was in that that the fire was started. The fire department was, as is invariably the case, speedily on the ground, and it was owing to its exertions that the flames were so speedily extinguished.

POLICE REPORT.—The following cases have been reported at police headquarters since Saturday afternoon.

John Carter, a colored waiter at the boarding house of Mrs. Wilkins, on Queen street, for disorderly conduct, and for threatening to knock the brains out of that lady, Richard Carter, colored, for assaulting Jack Franklin, and Reuben Dudley, colored, for abusing his family, were fined and discharged.

George Gonteb, for cutting a colored boy's head, was looked up for examination.

DEAD BODY FOUND.—Yesterday afternoon the body of a colored man supposed to be that of James Roy, whose mysterious disappearance has already been published in the Gazette, was found in the Potomac river, opposite Giesboro' Point. Roy, in company with a number of other fishermen, was coming from the fishing shores in a small boat called the Mayflower, on Tuesday night last, and on reaching this city the party stopped. Here they all became very drunk and resumed their journey on their arrival in Washington the shoes and stockings belonging to Roy were found in the boat, while he himself was missing. The news of his strange disappearance soon reached the police of that city, who the next day arrested Benjamin Wright, another of the party, with whom Roy had a difficulty while here, on the charge of murder in throwing Roy overboard and causing his death. He is now in jail awaiting a hearing.

FIRE AT POLLOCK.—An account was published in the Gazette, on the day of its occurrence, of the burning of the store house of Mr. J. H. Claggett, near Pollock Church, on Wednesday morning last, between the hours of two and three o'clock. The house as stated was totally consumed, but by the timely arrival and exertion of the neighbors the stock of goods was saved with but little loss. Singularly enough the same stock of goods, and the store house of Mr. J. H. Claggett, opposite, and to the right of the destroyed one, were totally consumed by fire about the same time this morning. That these fires were the work of an incendiary, the circumstances attending clearly prove, but who it is, and with what motive he is actuated, are yet unknown. The proprietor offers a reward of \$500 for any information that will lead to the arrest and conviction of the guilty party, or that will indicate any person directly or indirectly implicated in the villainy.

COUNTY RADICALS.—The Washington Republican of this morning says:

"During the past week the Republicans of Alexandria county have held meetings in their several magisterial districts and nominated magisterial officers for the ensuing two years. The county convention meets to-night at Old Field house, on the Columbia turnpike. The county officers to be nominated by the convention are Sheriff, Commonwealth's Attorney, County Clerk, County Treasurer and Commissioner of the Revenue, for four years each, with the exception of the clerk, whose term of office is six years. The contest for sheriffship and clerkship promises to be lively, the contest for the latter being between R. L. Mitchell, of the Fourth Ward of Alexandria city, colored, and Louis E. Payne, the present incumbent. Since Mr. Payne's election to office he has given satisfaction, and performed the duties of the office with ability and promptness.

A NEW ROUTE ON THE POTOMAC.—The Baltimore American says:—The Baltimore and Ohio Railroad Company will to-morrow commence the running of the steamer Pilot Boy on the Potomac, between Shepherd's and Leonardtown. The trips of the steamer will be on Mondays, Wednesdays and Saturdays.

At Shepherd's the Pilot Boy will make close connection with the 6-15 a. m. train from Baltimore. Besides the passenger traffic, it is expected that the new enterprise will prove remunerative from transportation of market truck during the season just commencing.

EXCURSION TO SHEPHERDSTOWN.—The cadets of St. John's Academy have secured a house grain boat, the Seacat, Capt. Castle, and Co. A. of the battalion, under the command of Capt. Frank M. Hill, will start on Monday, the 31st inst., for Shepherdstown, visiting Georgetown, Cabin John Bridge, Seacat, the Great Falls, the Point of Rocks, Harper's Ferry and Annapolis on the route, and returning on Saturday, June 5th. As the boat is secured against the weather, in case of rain, and improved arrangements have been made, this will, doubtless, be the most pleasant trip the boys have had.

COUNTY CONSERVATIVES.—At a meeting of the conservatives of Washington district, Alexandria county, held last Saturday night, Charles W. Payne, William Geary and Samuel Titus were nominated for Magistrates, and Silas Deebie, for constable, and recommended Mr. Vanderburg for reelection as supervisor. Eronously supposing that there was to be a County Conservative Convention the meeting appointed H. W. Febrey, William Geary and J. B. Mitchell delegates to the same.

SHAD PLANTING IN THE POTOMAC.—The United States Commissioner of Fisheries began work on the Potomac May 15, by establishing a station at the Free-Stone Point Fisheries, which has already a considerable number of shad eggs developing for the benefit of the Potomac river. A new station was established on Monday at Jackson city, where shad fishing is continued later than at any other point on the river.

DROWNED.—Henry Tanner, aged eighteen years, residing in Washington, was drowned in the Potomac river, above the Aqueduct bridge, Georgetown, yesterday morning, while bathing.

The Forest Fires.

NEW YORK, May 24.—A Phillipsburg, Pa., dispatch says a welcome rain began last night, relieving the fears of the residents of that thickly wooded section. At Osceola, yesterday, a thousand rations were issued to the destitute. The town was full of sightseers. The Meshannon branch railroad was temporarily repaired Saturday sufficiently to allow trains to pass, and coal shipping will probably be resumed to-day. One of the greatest needs of the people is feed for such of their cattle as have not been destroyed. All green food in the woods and fields have been burnt.

NEW YORK, May 24.—A Lackawaxon, Pa., dispatch, of the 23d, says: The rains of Friday night and yesterday morning extinguished for the time the heavy forest fires that have been sweeping through the counties of Pike, Wayne, Monroe and Luzerne, in Pennsylvania, and Sullivan, Delaware and Orange, in New York, but to-day they have broken out again in places, and threaten to assume more dangerous proportions. The woods are as dry as tinder, the rain not seeming to penetrate the bedded leaves and dry masses, in which the least spark starts a disastrous fire. Villages, mills, tanneries and farm houses have been destroyed, with millions of feet of lumber, innumerable cords of wood and bark, thousands of railroad ties, and acres of valuable young timber. But little is yet known of the amount of destruction actually done. It is probably a safe estimate to say that not less than one hundred miles of forest have been burned over within a week in this region alone.

British Association.

RICHMOND, VA., May 24.—The British Association of Virginia is celebrating Queen Victoria's Birthday with great success in Richmond, to-day. The annual sermon was preached by Rev. Dr. Wall in Monumental Church yesterday to a crowded congregation. Eight Episcopal clergymen, fully robed, took part in the services. The annual business meeting is now in session. Maj. Gen. Burton, late of the British army, presiding. The banquet this evening will be attended by Gov. Kemper and Mayor Kelley, of Richmond, and other distinguished citizens. To-morrow night a grand concert and ball will close the festivities. Fraternal messages have been exchanged with Englishmen in Georgia and elsewhere celebrating the occasion.

Disaster.

NEW YORK, May 24.—The schooner Agnes J. Grace, at this port, from Havana reports on the 21st inst. lat. 31° 35' long. 75° 47' fell in with the top of a vessel's cabin with two men on it, and rescued them. They proved to be Captain Hurst of the schooner Mary and Eliza, from Savannah, for Danvers, and Wm. Griffin a seaman. Captain Hurst reports on May 16th, during a heavy gale his vessel sprang aloft and capsized. The rest of the crew escaped in the small boat. Captain Hurst and Griffin, were on the house ninety one hours without food or water.

Moody and Sankey.

LONDON, May 24.—Great crowds of people continue to attend the revival meetings of Moody and Sankey. Services were held yesterday in Bow Hall and the opera house. Over 50,000 persons were present, and a thousand visited the "inquiry rooms." The criticisms of the newspapers, especially the World and Standard, upon the movement of Moody and Sankey, are virulent and incessant. The house visiting committees, organized by the revivalists, are severely denounced.

Dreadful Accident.

LONDON, May 24.—A special dispatch to the Times from Vienna says a dreadful accident has occurred on the river Mur, at the town of Imberg, province of Tyrol. Fifty-nine pilgrims are known to have been saved, but seventy six are missing, all of whom are believed to be drowned.
